

Technical drawing illustrating the components and assembly of a cable tray system, showing a top view and a side cross-section view.

Top View:

- CONDOTTA DN 300 (12")**: The main circular duct or tray.
- 45°**: The angle of the duct's profile.
- 45°**: The angle of the duct's profile.

Side View:

- TUBO DI PROTEZIONE RIVESTITO DN 450 (18") Sp. 11.1 mm**: The protective lined tube surrounding the assembly.
- COLLARI DISTANZIATORI (ISOLANTI AD INCASTRO)**: Spacers (insulating inserts) used to maintain the distance between the duct and the protective tube.
- FASCE DI CHIUSURA TERMORESTRINGENTI**: Thermal contracting closing bands used to secure the assembly.
