VIP programme for CPMR Political Bureau members

- 9.00** Bus departure from hotel
An exclusive tour inside the Port of Helsingborg, one of Northern Europe's leading ports. Here, for example, you can see how the groundbreaking electric road system of Swedish company Elonroad is being used in an industrial setting or explore how we work with electric terminal tractors.
- 11.00** **2 options:**
Option 1: Oceanhamnen, an entirely new district with fantastic views across the Öresund strait. Here circular thinking has been taken one step further. Find out what's so special about the local sewer system and why those living and working here are climate heroes the day they move in.
Option 2: Drottninghög, a socially harsh area in Helsingborg, here we will let you discover how a whole district can be transformed for the better with residents in the driving seat. You'll find gardening projects and inventive playgrounds, new housing concepts and green transport solutions. A Living lab together with IKEA.
- 13.00** Bus to Helsingborg City
- 13.45** Train station to Copenhagen airport
